PACKAGING IS INDIA'S BEST EXPORTER FOR
PACKAGING MACHINES & MATERIAL

About Us

Known and appreciated among its patrons for the purpose of manufacturing, supplying importing the finest quality of Packing Machines and Tools, certified **Mandsorwala Packaging** started its operation in the year **2005** at Vadodara. Inclusive of Battery Operated Pet Strapping Machines, Pneumatic Strapping Tools and Pneumatic Coil Nailer & Staplers, we offer a wide range of machines. Owing to their less energy consumption, high performance and longer serving life, these packaging machines are highly demanded. In addition to this, these packaging machines are easy to operate and require minimum maintenance. Food processing industries, mineral water plants and chemical industries are some of the sectors where the offered packaging machines and tools are used. Offered by us at industry leading prices, these packaging machines and tools are available with us in user-defined specifications.

For manufacturing the offered packaging machines and tools, we have established a huge infrastructural facility that is well-equipped with latest machinery and equipment. our infrastructure is carefully divided into several units such as manufacturing, warehousing and in-house quality testing unit, to ensure that all the on-going procedures are conducted at the most streamlined manner.

Under the supervision of our mentors, **Mr. S.S. Mandsorwala** we have attained a wide clientele across the globe. Reliance Industries Ltd. is one of the key patrons...
